

**CHAIRMAN’S REPORT
 FOR THE THREE MONTH PERIOD ENDED DECEMBER 31, 2024**

Overview

With the significant increase in Film Supply Volume commencing at the close of calendar year 2024, the Global Box Office recorded the 3rd highest December. month since Dec. 2019 and delivered **US \$2.67B**. The strong December month narrowed the year end 2024 variance vs. 2023 to only -11%, despite Hollywood strike induced headwinds which delayed production and release of major movie titles in calendar year 2024. Disney reversed its “straight to streaming” strategy for *Moana 2* and delivered over **US \$1B** at the Global Box Office, proving the capacity of theatrical to “eventize” content.

The table below exhibits recent historical trends of the Global Box Office for the respective years ended December 31st.

Cinema Industry Overview – Calendar Year 2024

Despite the holiday period’s high proportion of animation and family content, which doesn’t normally drive audiences to the CinemaONE’s Group’s (the “CINE1 Group”) premium format theatres such as IMAX and 4DX, the results were still positive. The CINE1 Group’s strategic mix of more value priced offerings particularly resonated with younger audiences and overall movie admissions grew by 22% over the Prior Year. Continued efforts to contain operational costs also assisted the CINE1 Group in returning to an Operational Profit in the period.

Financial Performance

The consolidated results for the three (3) month period ended December 31, 2024 were as follows: Gross Revenue increased by 18% to TT \$5.3M (FY 2024: TT \$4.5M) which marks the first time in which Q1 revenue has exceeded \$5M. Gross Profit grew 27% and surpassed \$3M rising to TT \$3.9M (FY 2024: TT \$2.9M). After consistent application of Year End 2024 audit adjustments for leases, the CINE1 Group managed a return to an Operating Profit of \$.7M, representing an Operating Margin of 13% versus the restated Prior Year loss (FY 2024: -\$0.1M). EBITDA increased 10% to \$2.0M vs. the Prior Year (FY 2024: \$1.8M). The CINE1 Group also significantly narrowed the Net Loss versus the Prior Year to -\$0.5M versus the Prior Year (FY 2024: -\$1.5M).

Future Outlook

The CINE1 Group is aggressively pursuing to not only continue and accelerate the revenue growth which it has demonstrated over the last few years but to also enhance operational efficiencies earmarked to reduce costs. For top line growth, the CINE1 Group has expanded its loyalty initiatives by recently becoming an exclusive loyalty partner of Massy Stores. Massy Loyalty Card holders will soon be able to redeem their points for CINE1 tickets, food beverages and merchandise at all CINE1 Group locations.

The CINE1 Group is also more closely monitoring its procurement costs with an effort to commence lower cost contract buying for key items. Theatre floor costs are being more closely tied to movie performance through more dynamic scheduling. The Company is also actively seeking to secure financing to complete construction works at sites which were suspended during the pandemic period, in an effort to trigger short term accounting benefits while also driving movie admissions with more seating and more movie options.

Film supply volume is still projected to be robust in 2025 with many notable titles previously delayed due to the Hollywood strikes scheduled for release in 2025. Such anticipated releases commence with this week's opening of Disney / Marvel's *Captain America: Brave New World*.

See you at the Movies!
